

TORONTO City Planning

City Planning provides advice to City Council on building issues. The division undertakes complex research projects, which lead to policy development in land use, environmental sustainability, community development, urban design and transportation. City Planning reviews development applications and recommends actions on these matters to Community Councils and the Planning and Transportation Committee. The division administers the Committee of Adjustment and provides expert planning advice to four Committee panels.

Strategic Initiatives, Policy & Analysis

The Strategic Initiatives, Policy & Analysis Section is responsible for city-wide planning policy development and implementation and directly supports the development approval and local planning study activity in Community Planning through, among other things, research and attendance at the OMB. The Section is responsible for maintaining a variety of information services and systems used by City Planning and other Divisions.

The Strategic Initiatives, Policy & Analysis section provides ongoing monitoring and assessment of trends affecting the City, including the annual Employment Survey. The Strategic Initiatives, Policy & Analysis Section supports Council’s decision-making with policy advice on Provincial initiatives such as Growth Management, Greenbelt protection and Planning Act Reform.

Urban Design

From the largest-scale plans down to the smallest site and building details, urban designers strive at every level to create beautiful, vibrant, safe and inclusive places. Our urban designer contributes to the Development Application Review Process in terms of urban design comments, design workshops and OMB evidence and expert witness testimony. Our Section includes a heritage team that plays an important role in preserving Toronto's heritage by advising City Council on matters relating to the Ontario Heritage Act and acting as a professional resource for the community and property owners on the conservation of the City's historic resources. We engage in civic design improvements; including administrating the developers percent for public art program and the design review panel. Our Section also includes City Planning's graphic support, mapping, architectural visualization and 3D modelling.

Waterfront Secretariat

Toronto City Hall
 12th fl. E., 100 Queen St. W.
 Toronto ON M5H 2N2

The Waterfront Secretariat coordinates the renewal of Toronto's waterfront. The Secretariat liaises with the Waterfront Toronto and the senior government partners and oversees and facilitates all staff processes related to waterfront revitalization. Within the City, the project requires major participation by virtually all departments and a number of agencies, boards and commissions, such as Toronto Port Lands Company (TPLC), the Toronto Transit Commission (TTC), Toronto and Region Conservation Authority (TRCA), and Exhibition Place.
